# Sloped Shouldered Child Resistant Tamper Evident Bottle with PP28 Neck

These bottles are available with either a child resistant tamper evident closure, or a purely tamper evident closure, ensuring only the intended recipient can get to your product, making them ideal for use with pharmaceutical products or hazardous chemicals.

This combination, together with the leak proof feature of the bottle, allows your product to arrive in the best possible condition.

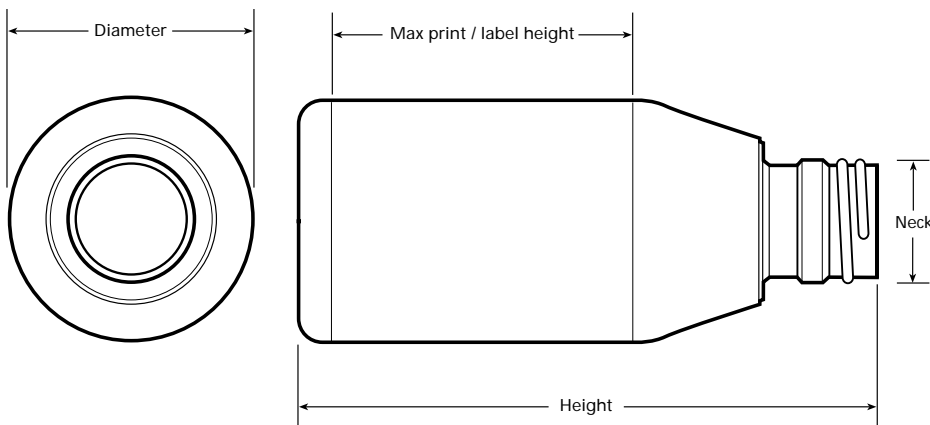

The bottles can be manufactured from natural or pigmented polymers, and can be labelled or printed if required.\*

All of these bottles are manufactured from FDA approved material.

*\* All bottle customisation subject to minimum order quantity and your design being agreed before production commences.*
