

## Sloped Shouldered Child Resistant Tamper Evident Bottle with ROPP28 Neck

- ◆ Leak proof bottle with a ROPP28mm neck that accepts a child resistant tamper evident closure or a purely tamper evident closure
- ◆ Acute angle sloped shoulder allows for an increased label area
- ◆ Sloped shoulder design allows for even and maximum dispensing of product
- ◆ Available in rigid, chemically resistant HDPE
- ◆ All materials are FDA approved
- ◆ Size range from 60ml to 150ml

# Sloped Shouldered Child Resistant Tamper Evident Bottle with ROPP28 Neck

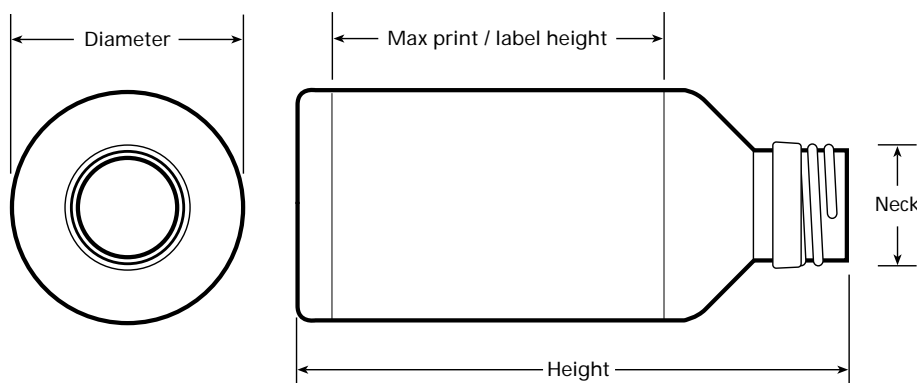

These bottles are available in HDPE with a child resistant tamper evident closure, or a simple tamper evident closure, ensuring only the intended recipient can get to your product. This combination of features together with the leak proof nature of the bottle allows your product to arrive in the best possible condition.

The bottles can be manufactured from natural or pigmented polymers, and can be labelled or printed if required.\*

All of these bottles are manufactured from FDA approved material.

## Technical Data & Ordering Information

\* All bottle customisation subject to minimum order quantity and your design being agreed before production commences.
