- ◆ Leak proof bottle with a 33mm child resistant or child resistant tamper evident cap.
- ◆ Available in 100ml, 125ml and 150ml sizes.
- ◆ Suitable for tablets, granules, powders and liquids.
- ◆ All materials used are FDA approved.

# Wide Mouth Child Resistant Tamper Evident Bottle

This new product from Azlon Plastic Packaging has all of the features required to get your product to your customers quickly, efficiently and safely.

The bottle is manufactured from chemically resistant, rigid HDPE and has a wide neck for easy filling and dispensing.

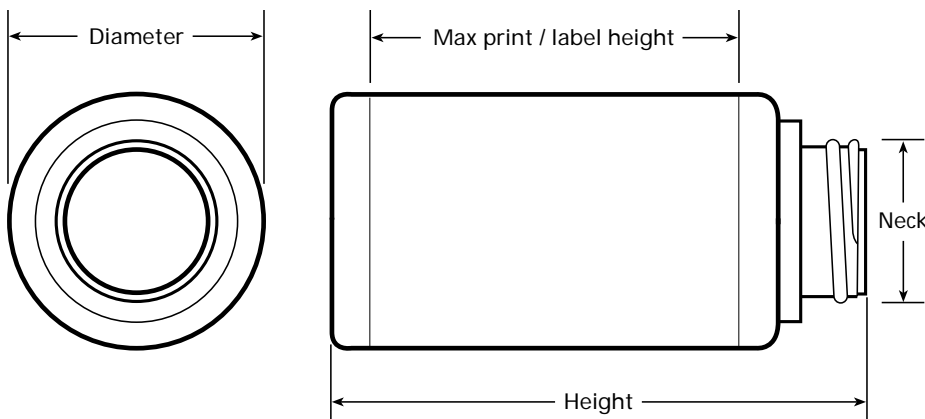

It can be supplied with a child resistant, tamper evident closure, offering both a 33mm child resistant cap together with a red tamper evident band, ensuring only the intended recipient can get to your product. We also offer a solely child resistant cap or a plain cap if you prefer (see Caps and Closures sheet for more details).

Because our customers have different needs we offer a large degree of flexibility with our products. This bottle is available pigmented in a range of colours and can also be labelled or printed if required.\*

If HDPE is not compatible with your product we can also manufacture this bottle in PP. All bottles are manufactured from FDA approved material.

## Technical Data & Ordering Information

\* All bottle customisation subject to minimum order quantity and your design being agreed before production commences.
